

MEDITEK GLOBAL

Medical Equipment Solutions

Reliable Equipment | Global Sourcing | Trusted Partners

About Meditek Global

Meditek Global is a U.S.-based medical equipment sourcing and integration company dedicated to connecting healthcare providers with reliable manufacturers worldwide.

With over **25 years of experience** in medical equipment sales and technical support, we guide hospitals, clinics, and specialists in making the right investment decisions.

Our business model is built on **global sourcing**, strategic partnerships, and **on-demand supply** — allowing our clients to access **high-quality equipment** without traditional inventory limitations.

We support projects across Latin America, the Caribbean, and international markets, delivering tailored solutions in diagnostic equipment, medical imaging, and specialized healthcare technologies.

Ultrasound Solutions

We provide a wide range of ultrasound systems tailored to different medical specialties and **clinical needs** — from **portable units** to **advanced diagnostic platforms**.

- Portable and handheld ultrasound systems
- Diagnostic and high-performance platforms
- Linear, convex, phased array transducers
- Applications: OB/GYN, Cardiology, General Imaging, MSK

Medical Imaging Solutions

We offer **advanced medical imaging solutions** designed to support **accurate diagnosis** and **efficient workflow** in modern healthcare environments — from digital X-ray systems to surgical imaging platforms.

- Digital X-ray systems (DR)
- Portable X-ray units
- C-Arm systems for surgery
- Imaging solutions for hospitals and clinics

Patient Monitoring Solutions

We provide **reliable patient monitoring solutions** designed to ensure continuous and **accurate tracking of vital signs** in clinical and hospital environments.

- Multiparameter patient monitors
- Vital signs monitoring systems
- Defibrillators and emergency equipment
- Monitoring solutions for ICU, ER, and recovery

Disability Technology & Smart Living Solutions

We offer **innovative solutions** designed to **enhance independence, safety, and quality of life** for individuals with **mobility or cognitive challenges**.

- Smart monitoring systems (fall detection, alerts)
- Assistive mobility devices, including smart wheelchairs
- Home safety and automation solutions
- Technologies for elderly care and special needs

Why Meditek Global

We connect **healthcare providers** with reliable, **high-quality medical equipment solutions** from trusted **manufacturers worldwide**.

- Global sourcing network
- Trusted manufacturers and certified equipment
- Customized solutions based on your needs
- Technical support and after-sales assistance
- Competitive pricing and flexible logistics
